“ I met Allison as a Freshman at Mercy and she was one of my dearest friends. I remember hanging out with the same boys from Calvert Hall and Loyola and going to all of the dances there as well as weekends at Perry Hall. I remember picking her up and driving her to and from school after I got my license. I think that I even introduced her to my neighbor Mike Fowler who I grew up with. We even dated each others boyfriends. I remember her as one of the kindest, prettiest, smartest and funniest friends I had the pleasure of knowing during high school. I can only imagine the grief her family is feeling and send my prayers and condolences to her entire family.

Could you by chance be the Mike Fowler I grew up with? I can't imagine that there could be many others with that name who also knew Allison and hung out with us in High school. She was one of my best friends during those years at Mercy. Cathy McKewen Follett
