“ I am so glad I was able to spend those few days with Bea and Barbara in October. When Bea called me and said she wanted to see me just knew I had to go. I am going to miss her late night phone calls and our too infrequent visits. Bea you will never be forgotten!

“ I will always remember our many special conversations on Bea's Broadmead balcony beside her beautiful flowers in her raised flower beds. Bea's flower arrangements were always recognizable because of the graceful positioning of the greens and each flower for maximum visual effect. She was a very wise and caring person who took great delight in helping others. Bea was devoted to her family members – that is why her time in Georgia, surrounded by caring family, brought a youthful glow back into her face and put a sparkle in her eyes. Bea was so very beautiful at the age of 100!
