

Mr. Charles P. McCourt

October 20, 1942 - February 11, 2025

Charles Parker “Doc” McCourt passed away peacefully at the age of 82. He was the beloved son of J. Donald McCourt and Marion Parker McCourt (Mcrae). He is survived by his former wife Candice J. McCourt (Servatius), his daughter Heather B. Martel her husband Brian, beloved grandfather of Elizabeth Parker Duvall, her husband Colm Crowley and great granddaughter Croía Parker Crowley. He was also preceded in death by his sister Marion McDevitt who died November 2015.

Parker was a proud graduate of Calvert Hall College class of 1960. He made the varsity football team as a freshman and was awarded Catholic Athlete of the year in 1958. In the late 1960’s early 70’s Parker owned a bar called the Blarney Inn on Greemount Ave in Baltimore City. The Blarney was known for its ice cold beer, great jukebox and hot cashew nuts.

Parker was known for his compassionate nature, giving spirit and witty sense of humor. His personality brought joy to everyone he met. He was a longtime member of the Elks Lodge in Towson, where he made many friends and loved to watch the Orioles, Ravens, Notre Dame, and Maryland Terps. When his sports teams did well, you could always hear him shout “ain’t the beer cold” and “call the doctor”! He will be missed by many.

Arrangements to be announced at a later date.

“ Parker was a gifted athlete. Being in the same graduating class knew him. CHC back in those days. You got to know everyone. I moved away from Maryland in the early 70's. I returned back to Maryland after my wife of 57 years in 2019. The CHC class .let's for lunch every 4rd Wednesday in Hunt Valley at the Green Turtle. Parker would on occasion come. I have been to way to many of my classmates from CHC 1960. I'm now for the winter in Arizona. I feel bad that if there is a service for Parker I will not get a chance to say hello again. Rest in Peace.

“ As his nephew, I always had fond memories when I was little of Parker making me laugh. He was clearly the “entertainment” person to count on to keep everyone laughing. A true Irishman at his best!!! May you rest in peace, Parker. You will be missed!

B(

Parker was the consummate "party animal" and extremely talented athlete with natural instincts in mastering any sport. He exuded joy in a fun filled lifestyle and included many of us along with friendship. It was an adventure to be a passenger in his car when he was behind the wheel when driving on the "Country Club of Maryland" golf course or bouncing off parked cars going up "Charles Street" in Baltimore City. There were enough incidents of Parker McCourt, that if book were written, it would out sell "The Adventures of Huck Finn". A character for the ages; I don't think he had an enemy in the world; even after "ball games" opposition players approach him with a friendly smile and positive adjulation for his sportsmanship and talent! I am grateful to have shared football and baseball games with him at the "Hall" and numerous episodes in his euforic episodes: I.e., drinking his "contact lenses" in a glass of water, one "sleep-over" night !

And at a basketball game at "Towson Catholic H.S., with both teams on their hands and knees, looking for one of Parker's "contact lenses" And his response to Coach George Young when he failed to cover a receiver in a Gilman football game. (" Coach, I was diagnosing the play") LOL

I am sworn to secrecy on many of the humorous and sometimes risky adventures with Parker; but they are some of my fondest youthful memories.

Thanks for sooo many laughs my FRIEND❤️

Rest in Peace in the arms of Our Savior... and make HIM smile too🍀
