“ Claire and Bob were married the same year as Donald and I. Although we lived in different places, Claire's Aunt Elsie (my Mamaw) was a lifelong link between the families. The last time I saw them was probably about 6 years ago when I was teaching a seminar in Baltimore and they joined me for dinner. I still remember the fun of reviewing things we had in common and things we had to share that were different from our experiences. Donald and I are thinking of you all.

Please accept our sincere sympathies to you Bob and your family. Did not realize Claire's background in Math just like yours and you two were a perfect match. I have been tutoring Math at all levels for over 25 years now from College to grade school. Wish we could be there to extend our support for you Bob. Peace and God's Love in this difficult time--Bernie & Mary ODonnell
