“ *Ann, Sunny, Dickie and Ruthie*

*Ed and I are shocked and saddened to read of the loss of your dear daughter and sister. We have memories of the times Sunny, Dickie and Cindy would spend time at Aunt Ruth and Uncle Web's summer home on the Magothy, running to greet Web when he returned from work, and riding around in his old-time car. (Ruthie might have been too young for those excursions around the property) We are so sorry we did not know of your loss so that we could have been with you today for the funeral service, but send you our love and deepest sympathy.*
