“ *Very sorry for your lose. I didn't know your mom personally but only what my two uncles remember when they lived with Diane, Juanita when they were just 9&7 yrs old. They lived in the fells point area and Mr Farlow drove a cab. My mom who passed in 2009 remembered meeting Diane and Juanita only one time at Patterson Park. Your mom and my mother's mom are one and the same. Her name was Agnes. I completed my research on the Calvert family tree and when the 1940 census was available I discovered the name of your mom and Jaunita. I would very much like to speak with a family member please contact me at freelm@msn.com Again I'm very sorry for you lose.. L Freeman*

“ *Diana was an amazing woman. When she spoke, we all were listening and laughing. I am so blessed to have had the privilege to know you and call you friend. I will always remember the early morning talks and advice. So many great memories. I'm sure she's in heaven making them laugh. I love you, my Diana Dear. You are greatly missed. From Sherri Beary.*

“ Diana loved Buckey. Diana loved you, Trish & Chip. And Diana loved Allison, Catherine, Kaleigh, & Rachel. I know she loved all of you bc she spoke fondly of each of you every Sat. & Sun. during our 30 yrs. of golf @ Wakefield. I will remember Diana's stories, laugh, knowledge of the medical field, and how she made me feel. She always asked me if the weather was my fault. Is this your fault, Pat? My sincere sympathy to all of you.

“ Diana was one of the first people I met when I started working at GBS. She treated me like one of the gang from the very first day . I feel so fortunate to have known her for the past 14 years . She was so very loving, caring and one of the funniest ladies I have ever known. The incredible memories of our time working together and our many lunches since then where she left us laughing hysterically with her clever hysterical stories will stay with me forever. Rest in peace Lady Di .

“ So many golf memories from Wakefield Valley & Challedon Golf Courses. She also was my golf mentor and instructor. We had so many laughs together. We were known as the 2 early-bird women teeing off at 7am. We even had names for the bullfrogs in the pond at the golf course. Fond memories will live on with everyone she knew.

“ I had the pleasure of working with Lady Di for eight years at GBS. She was a loving, caring, funny amazing lady to work with. I will never forget her. Or, that way she would always answer her phone for a customer. Rest in Peace Lady Di. I know heaven has a special place for you on an amazing golf course. Where every one is a hole in one. Love you, Laurie

I worked with Lady DI at GBS for 11 years. She was a great friend and had a wonderful sense of humor . She taught me to love golf and we played at Pine Ridge after work as well as Wakefield early in the morning. I know heaven is a little richer today! Rest well good and faithful servant.
