“ Hi Carole,

Although I never had the pleasure of meeting your mother, I do feel like we know her well based on you. You have been the caregiver for many years and your dedication/love for your mother was extraordinary. Her light will shine down on you forever. The Quigley family's thoughts are with you.

“ Larry and I have many happy memories of times spent with Doris. She loved sitting in front of our fireplace and talking about her wonderful daughter, Carole. Doris had a beautiful smile, and was always ready to share it with Larry. Our dinners often included talks about her adventurous past, including times at Goucher, her travels to California, horseback riding, and so much more. We will miss Doris, and know she is at peace. Prayers for Carole and her children during this difficult time. Hugs and much love, Madelyn.

I am Chuck Huber, and was 3rd cousin, once removed of Doris (one later generation). I am originally from Baltimore, now living in Cape Charles, VA. Just about 3 weeks ago I was in touch with my 3rd cousin in Towson, Mel (Mary Ellen) Rosche, also a descendant of the Hubers, We are both genealogist. As I was doing more research I discovered Doris was living and alerted Mel and she checked in with the elderly care facility Doris was in to see if we could arrange to meet Doris. She was told Doris was in the hospital. We have both been praying for her to get better and we really wanted to meet her and hear about her, her family, and her growing up years before both Mel and I were born. We are both so sorry to hear of the passing of Doris and really wish we had gotten the opportunity to meet and talk with her. Please accept our sincerest sympathy for all who knew and loved her.
