“ Dr. Kasik came to my home to tend to my seriously ill infant having never met me. He came in the middle of the night. This was the beginning of 25 years of the most wonderful care a family could ever ask for . He was well loved and respected . RIP Doc .

DS

“ Dr Kasik was our family physician, whom we dearly loved. My parents and I always felt SAFE and SECURE under his care. I never felt afraid to go to his little knotty pine office. He was a gentleman and a man of God. I remember he would make "house calls" to our home in Woodcroft. He continued to be my doctor until I married and moved to Anne Arundel County and he continued to help my parents until they passed. For almost fifty years, every morning I smile and think of him when I change my earrings, because HE pierced my ears! Thanks Dr Kasik, for making the world a better place and for making me smile.

Dawn, thank you for remembering our father in such a way. He pierced many an ear! Never thought how that memory would be carried on.  
John K.

*We have known Dr. Kasik for over 60 years ever since our marriage in 1953. He was truly a wonderful, caring physician. He was our family physician until 1971 when we moved to Harford County. After his retirement we did not see him until this past summer when we moved to Oak Crest. He always had time to talk with us asking about the family and sharing a favorite joke. We are truly saddened by his passing.*
