“ Ed and I attended Calvert Hall High School. We worked as a team (Magician/Clown) performing in the Baltimore Metro area while attending High School. He was a gifted Magician and a wonderful performer. He saved my life one night while I was performing (Solo) in the Calvert Hall Talent Night Show in front of 300 Parents. One of the doves in my act lost direction and crash landed in the middle of the audience. I was standing on stage in shock...when out of know where Ed scooped up the bird and delivered it back to me on stage...I will forever be grateful to him. Rest in Peace my friend.

“ *Ed Reahl*

Ed was one of the first people I worked with in 1982 when I arrived at WJZ in Baltimore. The first story we filmed was about Cheseapeake Watermen and Ed was the sound man. Not a big fan of the bivalve myself I watched in amazement as Ed scooped up and cracked open the oysters as soon as they hit the deck. This home grown guy was devouring the catch with great satisfaction all the while not missing a beat, turning the dials and coming up with a very good recording. Obviously, a man of many talents and over the years I would discover more of them; a clown, a very good shortstop, (we won a few games behind his bat and glove work), a producer, a cameraman, and friend.

We lost track of each other over the years, but I will always remember Ed as thoughtful, always willing to help, and just a heck of a compassionate guy.

He was one of the good guys and I am so sorry to hear of his passing. My heartfelt sympathies go out to Ed's children, family, and friends. He will be missed.

“ I will always remember Ed for helping me get on TV for just growing a mustache. When he was an intern at WJZ they did a piece on mustaches and he told Marty Bass to interview me and we had lots of fun with that. He was just one of kind good guy!! My deepest condolences to his family, our thoughts and prayers are with you.
