

## Hamish Scott Osborne, Esq.

June 28, 1948 - July 30, 2016

Born June 28, 1948 in Bucks County, England, son of Arthur S. Osborne and Margaret (Scott)

Osborne. Hamish graduated from London Central High School in 1966 and from the University

of Arizona in 1970. There he met his beloved wife, Christy. They moved to Baltimore, where

Hamish began his career as a federal employee. He graduated from the University of Maryland

School of Law in 1986, where he was a member of the Law Review. He practiced law in

Howard County, Maryland until his retirement.

He was a member of Leadership Howard County and was a board member of McDonogh

School and the University of Maryland Law School. He provided scholarships for students at

both schools. Additionally, he sponsored a Professorship in Advanced Pulmonary Care at the

University of Maryland School of Medicine. Hamish served on the Foundation Board of the

Indian River Medical Center in Vero Beach, Florida. He was also a proud member of the Talbot

Country Club, Riomar Country Club, Quail Valley Country Club and the

Chesapeake Bay Yacht

Club. He was especially supportive of veterans and was a board member of the Navy League.

Hamish was the recipient of two lung transplants. The Osborne family thanks the donors of the

lungs that saved his life, and invites anyone to consider the gift of organ donorship. Hamish

was especially thankful for the Gift of Life, and for the compassionate care that he received at

the University of Maryland Medical Center.

Hamish's greatest pleasures in life were friends, family and fun. He loved the time that he

shared between his hometowns of Vero Beach, Florida and Easton, Maryland.

Treasured

pastimes were golfing, boating, reading, history, politics, Baltimore sports teams and talking

about all of these things with his friends. His childhood summers were spent on Deep Creek

Lake, before the resort area even had electricity. As an adult, he loved sharing Deep Creek

with his own young family. Recent summers were spent cruising the Chesapeake and the

Atlantic seaboard with his crew of mates. Hamish loved solving global issues at his weekly

weekend "men's breakfast." He had a keen love of travel, and hitchhiked across Europe as a

teenager. He continued to enjoy a lifetime of travel, roaming across Europe, Africa and Asia

even in the last years of his life. He was a card shark as well, and proved to be a worthy

opponent in bridge, poker and late night hands of gin. Hamish was eternally

young, and loved seeking adventures and laughs with his friends and loved ones. A 47 year marriage with the love of his life, Christine (Clugage) Osborne, was what he considered both his greatest accomplishment and his most cherished gift. He is also survived by a daughter, Jennie (Mike) Burke, and two sons, Andrew (Rachel Elsea) and Matthew (Heather McManus). He is loved by 12 grandchildren: Margaret, Caroline, Charles and Holly Jean Burke, and Brooks, Calvin, Amelia, Annabelle, Hamish, Scarlett, Christine and Drew Osborne. He is also survived by his sister, Kristin (Osborne) Rohr. He will be missed, loved and cherished eternally by his family and friends.

A reception will take place immediately after the service at Westminster Hall.

In Lieu of Flowers, donations may be made to:

UMBF

The Hamish S. Osborne Program in Lung Healing Fund

UM School of Medicine
