“ We also just received the letter and were so shocked and saddened to hear of this news. A big crowd of my Mother's friends went to him faithfully for decades and I started about 5 years ago. I told everyone I ran into that mentioned needing an eye doctor how great he and the whole office was. It's becoming rare to find an old time place that surrounded you with care and took their time and did the job so perfectly right with the highest quality. He did things the old, right way. What a loss for Parkville and the surrounding communities. I also remember seeing Dr. Berger there on the side as a child. My Condolences to the his dear family and the staff and the long-time patients that loved him. That was one Dr's office I always enjoyed going to.

“ My Mom just received the letter today about the passing of Dr. Comber. Needless to say we were all shocked to hear of his passing. He was a wonderful, funny, family living man who always made you smile. He will be missed. Our sympathies to his family and friends.

“ Just like the family, I am in total shock. I am certain no one had any idea. What a treasure this man has been to so many people. My last name is DeVita. To show his sense of humor, whenever he saw me, he always teased me by calling me "Inagada". Those who remember the song will understand. My deepest sympathies to the family. I will miss him. “ I would like to express my deepest sympathy on the passing of Dr. Comber. My entire family has seen Dr. Comber, some of us more than others. He was always kind and joked with us on all our visits. Dr. Comber was a good listener and a fine eye doctor. We will find it very difficult to find another doctor that we care for as much as we cared for Dr. Comber. He will be truly missed. “ My sincere condolences go out to the Comber family. Jim was an excellent ophthalmologist and taught me many things when I first started out in practice with him on Harford Road and Belair Road. His patients adored him for his calm and comforting manor. He treated everyone with utmost respect. I will always cherish the memories of our professional relationship.

“ I want to extend my most deepest and heartfelt sympathies to the family of Dr. Comber. I am so deeply sorry for your loss. A few years ago I moved to Baltimore from NYC. I am a nervous patient and after trying numerous eye doctors I found Dr. Comber. He made me feel so at ease and he and my husband would also exchange jokes which helped me even more. He was the kindest, gentlest, & most patient doctor. He will sorely be missed.

“ I want to express my deepest sympathy to all of Dr. Comber's family. I have been a patient of his for many years and knew that he was always looking out for me. He always joked around and this added to my comfort. About 6 or 7 years ago I had cataract surgery and I told Dr. Comber that it reminded me of a MASH episode! Everyone was talking, laughing and joking around which made me so comfortable during the surgery. I could see that Dr. Comber really knew his way around the surgery which added to my comfort also.

I know that his family must have many happy memories which I sincerely hope will help them to get through this very tragic time.

“ I have been a patient of Dr. Comber since he started at the Harford Rd. Office and have recommended him to many. He was always professional patient and kind. He even once came into the office on Thanksgiving Day for an emergency. I can't say I will miss his corny jokes but I will certainly miss him.

“ Oh Jim, I got you in trouble so much telling Mom you hit me when you barely touched me. I believe I grinned as you got into trouble...
Remember how obnoxious I was when you started dating Pat? I remember getting out a ruler so I could report back to Mom how close together you two sat side by side.
Remember that time the Toyota's trunk was full of rain water and you thought you could fix it by punching a hole in the bottom of the trunk. The expression on your face was priceless as the water never drained out but went into the gas tank. The car was never the same...
Oh you are so missed by all, loved by so many, my heart is broken. You were the best oldest brother a sister could ever have. Laura
