“ *It was just such a wonderful coincidence that we were referred to him from Mercy the day my daughter was born. Dr. Fragetta took such good care our child from day 1. He was one of the most charming, kindest and smartest human beings. Always a great listener and guide to us. He was so smart and so kind - we really miss him. He always had a voice of reason and was always welcoming. We will miss his smile. My daughter misses him so much. We know he is an angel looking down at us. God bless his family!*

“ *I went to medical school in memphis with him ams my fondest memories involve our mutual passion intramural softball as our "outlet" from the inherent stressors of medical school. Every patient testimony I read is consistent with the kindness and compassion that I associate with memories of him. I am sorry for his family, friends and patients...he will surely be missed. “ *Dr Fragetta took care of my two children until he became ill. I can't even begin to express the sadness that I feel when I know how well he took care of them and there was nothing we could do to take care of him. We said our prayers before every meal when we get the news, but we couldn't help. This will always stick with me because I remember when my daughter had her first seizure and he called and gave me his cell phone and said he would always be there for us. We truly loved Dr. Fragetta.*

“ *Dear Fragetta family... I was deeply saddened to hear of Jim's untimely passing. As I read the comments from friends and patients I am not surprised to know that my young friend at Seton Hall Prep was a loving and devoted husband and father and a caring, compassionate physician. The comments and condolences are surely a fitting tribute to a good man. May you be consoled by the promise of the Resurrection.*

“ I am so sorry to hear of your loss. Dr. Fragetta was wonderful, compassionate, caring, and knowledgeable pediatrician to our two children. I will never forget how he so thoughtfully cared for them, and for us, from the time we went to meet him while still pregnant with our first child. We miss him greatly and will keep his family and friends in our thoughts and prayers. Kelly and Randy Norsworthy

“ Great man who was a wonderful pediatrician for all 3 of our daughters. Our oldest daughter, Carleigh, was one of his first patients in Westminster, and we were happy to follow Jim to the Maryland Pediatric Group in Lutherville and make the extra drive knowing our girls were under his care. We are deeply saddened by his passing and his family will be in our thoughts and prayers. Bill & Lisa Jenne

“ I’m extremely sad to hear of the passing of Jim. I will never forget how kind he was to me when he walked his kids to school, and I also walked the Cox children along side of him. I’ve been a nanny for 12 years now, and Jim was always willing to spread the word and give me a kind reference when I needed to find a new family to work for. He was so loving, kind, giving, gentle, generous and just a dear and beautiful human being! I’ve been praying for Jim from the first day I heard he was sick, but now I know he’s in a beautiful and peaceful place. Rest In Peace now Jim, you are with our dear Lord...

My heart and love goes out to all his family and friends!
