“ James Stuart Taylor, Jim, is to be remembered as a Godly, Christian, GENTLE MAN and gentleman in every sense of these words.

Mere words cannot impart the influence this wonderful soul had on so many people's lives, including mine. He demonstrated, to all he came in contact with, the genuine love and caring of our Lord and Saviour, Jesus Christ.

The Taylor family became "my family" when I was at the Peabody and the love showered by them on me , led by Jim as their spiritual head and head of family, is something so precious to me even today. I treasure every memory of you all but especially his words of wisdom so timeless and routed in scripture.

I only wish I could be with you all physically and not just spiritually and mentally to celebrate this amazing life of service.

My heart is with you.

Much love,

Joey Wanamaker Edwards Andover, Hampshire, GB
