“ My heart felt condolences to the Khuen family. I attended All Saint church and sat right behind Bill and Ms. Joan during service. We struck up a conversation before and after service and became friends. I work on different committees with Bill especially the German exchange program coordinating and hosting students and adult. Ms. Joan made me comfortable and she was very caring and gentle while Bill made everything fun. They encourage me To go on a German trip with them, and it was one of my most memorable trips.

They both joined me for dinners at my home and always willing to give guidance and share their wisdom. Ms. Joan was precious, I feel fortunate and blessed to have her passed through my life. Your life has been a blessing. Ameeran Ali

“ *It is with great sadness that I express the deepest condolences to Mrs. Kuehn's family. Although I did not know her, at least part of her legacy is evidenced in the character and personality of Rich that has shone brightly for the many, many years I have worked with him. No words soften the impact of losing a parent but please know that our thoughts and prayers are lifted in support of you all at this mournful time.*
