“ *Critter...you have been gone 5 years now. Words can not even begin to express how missed you are. You always made sure to make me feel special & loved everyday. Our daughter is growing into a beautiful young lady. Please rest easy until we meet again. You said that we would...love Rae & Bella*

“ *Critter you are missed by my family and so many others and left this world too young. My prayers are with your family and loved ones. Your laughter brought so much joy. May you be at peace in Heaven with God, family and friends who have greeted you at those precious pearly gates. RIP*

Valerie Aquilano-Peters - April 22, 2017 at 04:43 PM

“ *Until this very day....every time I hear the song 'O what a night' by the Four Seasons I think of you and all of us at BJ's singing and dancing. Those were the good days. So many fond memories. God rest your soul Critter and may The Good Lord wrap his loving arms around your family at this difficult time!*

Kimberley Lynch James - April 22, 2017 at 09:15 AM

“ To say you you had one fond memory of Critter would be impossible. When we were at ocean city with April and Critter all we did was laugh. They were fun. He lived life to the fullest and had no regrets. He will be missed by a lot of people. He had a spark for life That just made you want to be around him, because you knew he was going to do or say Something so funny that you did not want to miss it. May you rest in peace our friend, and may that beautiful smile grace heavens gates. We will miss you.

“ Critter, I loved you like a brother man, we had so many good times growing up. The best times were when we use to hang out in the summer with David Lee, Sherman, Sherry Mitzel and others... playing poker in Sherry Mitzel's backyard, playing truth or dare up on the wall behind Jimmy Hawes house and just roaming the neighborhood, exploring the woods behind Green Spring Dairy etc. You were so funny in school,(at SSH) always making people laugh. I remember you and Jamin Butler were great friends. You will be missed. - Candice Evans
