“ Dear All,  
Thank you so much for your kind words and for honoring Joe in his final journey. Joe was a loving and dedicated man and he will be sorely missed. It still hurts, but we have to get through some-how. Thank you very much for your thoughts and prayers.

Kind regards,

“ I worked with Joe and many others in the very early days of Qalaa House in Kabul. Joe was the epitome of a civil/structural engineer and it will always mean a lot to me that I got to work and laugh alongside him in a very difficult time in the years following 9/11. Joe, rest in peace, my friend.

“ Joe was my roommate while serving our nation within Afghanistan and we became friends. I am sad to know that he is no longer with us. Joe was friendly and bright. Joe the "Chess Master", as I would often call him, shall be missed. Take care Joe and rest in peace.
