“ Alan, my prayers are with you. I remember Jeannie from "back in the day" when she would come into the NBC Radio Network newsroom offices to see you. Yes, she was tiny...but oh so mighty! I also loved her fashion sense. I will never forget seeing her in those great white leather boots as she strode...yes...strode into the office. What confidence! What an inspiration! What a lovely lady. God bless you now, Alan. She is smiling at you, I am sure, in those fabulous white leather boots. Toni Feedback
