“ I am so sorry to hear that Ken has passed away. I've known him since our days at Baltimore Spice. He was always a fabulous coworker and friend. So many memories of those years long passed. I hope he did not suffer and that somehow he knows he is fondly remembered.

“ I was saddened to hear that Ken is no longer with us. I worked closely with Ken for many years. Everything about Ken both professionally and personally was exemplary. He made his mark in life and will be missed by many. My most recent memories are of discussing his project of machining a precision telescope lens. I found it fascinating picking his brain on this.

my deepest sympathies to Toni and his family.

“ I am so sorry to hear of Ken's premature passing. I recall sitting in the Loveton Cafeteria, with him and the QA folks, discussing everything McCormick and social, and Ken being the historian and the "voice of reason" in the conversation. All of these losses are sad but his is especially so. Deepest sympathies to his family and close friends. Tony Montcalmo

“ Age 15, 16 for me — Ken's SuperBee was an icon about town. I'm sure Pete L. was missing him terribly. Sending kindest wishes to the love of his life, Toni. Pretty sure he will never leave your side.
