

## Mrs. Margaret "Peggy" Crockett

April 22, 1960 - February 26, 2024

Margaret "Peggy" Crockett passed away peacefully on February 26, 2024 after a battle with cancer. She was an incredibly loving and caring person who was always looking after and taking care of others. She is predeceased by her loving parents, Paul & Brooke Gorman; and godmother Ann Gorman. She is survived by her cherished children, Max, Tyler, & Keegan; spouse David; sisters Beth, Ginger, and Julie; and numerous nieces and nephews.

Born and raised in Baltimore, she was a Baltimorean through and through. She was fond of eating crabs, watching the Orioles and Ravens, and going to the Preakness. An athlete herself, she was a gymnast, swimmer/diver, softball and field hockey player. She also loved to travel, spending many months backpacking through Europe and as a camp counselor in Maine, but her favorite place to be was the beach. Many memories were made with friends and family in Ocean City.

Family was important. Always learning about family history, she kept everyone connected no matter how spread apart they were. She always made sure celebrations and time with family were special. Whether celebrating a holiday, a single or group birthday, she constantly made them memorable; particularly with her homemade cooking. Even though she shared all her recipes, no one could make them as good as her.

She spent many years as a nanny, becoming affectionately known as “Miss Peg” to families around the neighborhood. She was adored by both the children she watched and the parents she befriended. Even after the kids grew up, she continued to keep in touch with and care for the families. She was truly loved and adored by all who knew her and she will be greatly missed and remembered by many.

A gathering of friends and family will occur at MITCHELL-WIEDEFELD Saturday March 2, 2024 from 11AM to 1PM. In lieu of flowers donations in her memory can be made to the American Cancer Society.

“ I knew Peg through gymnastics at the Towson YMCA. I remember a very blonde wiry taller than usual little girl. I think I have this right. It has been many years ! We recently reconnected on Facebook and I am so very sorry to hear about this. I am a cancer survivor myself and when I hear of things like this I am reminded of my own mortality. I will live each day to the fullest in memory of Peggy. I knew her older sister Beth as well I am sending love hugs and strength to Beth and everyone else in the family. I am hoping I have these little facts correct . If I don't I apologize. Love Terry Nowers Fitzmaurice

“ Even though we both went to Towson HS, I didn't get to know Peg until we both tried a hand at being a Travel agent in the early 90's. The agency sent the office to Orlando for a weekend. I will never forget when we went thru the screening at BWI. She was taking a toaster oven to her younger sister in college in Florida. Because room was tight in her carry on, she had placed some under garments in the toaster oven and had to pull them out during the screening. We both laughed hard later at what had happened. We lost touch after leaving this job and going on to other things. But it was so nice to work with her for the time we did. To Peg's family, my heart goes out to you, and I wish you nothing but comfort and strength.

“ *Nuts & bolts.... Yes, nuts & bolts snack mix around the Holidays. I don't know what the secret was to how Peg made it, but I know there was plenty of love (and probably salt)!!!*

PS

*So true! We could never get the recipe. Peggy had the brightest light. She was always smiling and so outgoing. She will truly be missed. ❤️*
