SS

“ Dear Johns (and family):

I am very sorry to learn (a month late as even Internet is slow) about your mother. Even after Johns died more than a dozen years ago, I visited with Margaret both on campus in Engineering and at the huge empty house NE of campus.

My twin sons turned 46 last week, so it is easy to set the clock! I remember with joy what we did together and how we each tried to help one another during my 20 years (1966-1986) at WashU.

My sincere regrets over Margaret's death,

*Simon Silver
