“ Please accept my most heart-felt sympathy upon the loss of your beloved Dolly. My mother and I had the good fortune of volunteering at GBMC's Gift Shop with Dolly for several years. What a lovely lady! She looked so beautiful - all the time - and her radiant smile and gentle manner will always be my best memory of her. She was so thrilled when her first grandchild, Aiden, arrived! And how she treasured her family. I pray that God's peace and endless love will be with you all at this time. Sue Ellen Filar
