“ *Sensei was a gentle ray of light during my teen years. I'm sure we frustrated her to no end during Japanese class, but she always managed her girls with kindness, gentleness, and unflappable humor. I still regularly wear the kerchief she brought me from one of her trips back to Japan. I hope that when she's greeted in Heaven, God will have thought ahead and ordered her a box of Dunkin Donuts coffee.*

“ Deepest sympathy to Sister Mary Michael’s family.
I have lovely memories of Sister from our days at Notre Dame Preparatory School. I was the Director of Admission and Sister was teaching Japanese.
She was so kind to the girls and also had a great sense of humor. At our yearly placement testing for incoming students she would always appear and I would introduce her. I often would welcome her in Japanese and she would respond with a bow and smile. I often would incorrectly continue In Japanese and she would very politely act as though I was fluent in the language and start a long conversation. The girls were very impressed that I was so fluent and in reality I only knew a few phrases. Sister was a great supporter and made me look brilliant! !
I always loved her little slippers that she called her “ house slippers “ that she wore during the day around our school. She was a lovely and dedicated teacher and loved the girls.
I was fortunate to have known her.
