“ I worked closely with Mary for several years at CareFirst. Even after I retired from there and worked at St Joe's, she would stop by to see me when she was there for her treatments. She was always so positive and happy. I remember she was so reliable and dependable and helped me out a great deal at CareFirst, and always expressed how grateful she was to work there. Mary was also very supportive personally, especially when we lost our daughter. She was very generous each year when we had our fundraisers in her memory. And she loved her animals, speaking often of her kitties and collecting donations for the animal shelter. More than that she loved and honored her parents, whom she spoke of frequently. She loved and spoke of her dear nieces often as well. I will always remember Mary's smiling face and her laugh at work each day. My deepest sympathy to all her family. I'm sure she is at peace now with her Mom and Dad and that they are all watching over all of you.

“ I did not know Mary very well. We worked in the same building and pass in the hallway. She was always very kind. We would chat a little on just about anything. She never complained of her illness. She was a great inspiration. I will miss you Mary.

“ Dear Family of Mary, I am so sorry for your loss. I worked with Mary at CareFirst. I will miss passing her desk every morning and greeting her with "Hi Mar!" Mary made a valient effort as long as she could to come to the office and I admired her strength and courage as she fought through her illness. I enjoyed hearing about her "kitties" and her glow when she spoke of her beautiful neices. Mary will surely be missed. I am sending thoughts to you all at this time of peace and comfort.
