“ I was a childhood friend of Michael’s, having gone to grade school with him. He was a kind, studious boy and always faithful to his Catholic religion. I am saddened to hear of his demise and offer my condolences to his family.

“ I was Michael's roommate at Fordham University in our sophomore year. We met in our freshman year (Michael had just turned 17): many memories of humorous good times, explorations of NYC, Michael's biting wit, and visiting the family one summer at Ocean City. I hope his passing was peaceful.

“ The death of a loved one is the most devastating experience; may you all share many memories. I have worked with Dr. Kauppinen almost ten years, the gentlest person, always caring for his students. My heart is truly pained to hear that Michael is no longer with us. He was very upbeat and very positive, even the last conversation I had with him was uplifting, earlier this month. My condolences, Michael will be truly missed

No resident will say: "I am sick" (Isaiah 33:24)

“ *I loved sharing dog stories with Mike while he shared teaching stories with my husband.
He had the character of a host when he treated us to a meal at his home and at a group celebration. Always greeted me with a big hug and smile. We will miss him very much.
Condolences to his family. Peace*
