“ Dear Dr. and Mrs. Mullan, my heart aches for the loss of your dear son. While my son was a newborn patient of yours, Dr. Mullan, I fondly recall your sharing of the adoptive processes to bring this little fighter into your family. Little Paul's uphill health battles and the uncertainty of outcomes must have been consuming for his new parents. Such a gift of love, to be cherished, couldn't have been bestowed to a better couple. So many wrote of Paul's kindness, humor, and great talent. May Our Lord grant you peace and comfort. With heartfelt sympathy, Adrienne J. Brown

“ Paul was a good friend for almost a decade - we shared our health challenges and frustrations, our politics and our quirky humor. Paul had a gift for making each of us he touched feel like we were special in his life. His life was too short, but he touched so many lives with love and kindness and humor. I will miss you - very much.

“ Dear Dr. and Mrs. Mullan,
I am so sorry to hear about your son. You were a wonderful doctor to my children, Ben and Jenn. I was also a patient of yours a long time ago. May God give you peace and comfort now and in the future days to come. You and your family are in my thoughts and prayers. God's Blessings, Sandy Schlick Miller, Ben & Jenn Miller

“ Dear Dr. and Mrs. Mullan,

My condolences to the both of you and your entire family on the loss of your son. I never met your son but I did meet you a couple of times at the Loyola Men's Basketball games. My parents Peggy and Jerry have the seats next to you. If your son was anything like you he was surely a fine man with a big heart. A person who made a difference in this world. My thoughts are with you today and I hope to see you again very soon.

“ Paul, you were my best friend and I'm grateful to the heavens that I had you in my life for the last 10 years. You were one of the most kind, loyal, selfless and thoughtful people I've ever had the pleasure of knowing. And, fortunately, I was able to count you as one of the closest people in my life. You were like the brother I never had and I will be forever grateful for that being an only-child, too. I'm going to miss our long talks, domino nights, countless hours chatting on the beach and enjoying ice cream, soft pretzels and PEPSI at my shop. Love you, friend. I'm thankful you no longer have to endure the pain you so bravely faced. You are an inspiration to me and will always remain in my heart, always and forever.

Dr. and Mrs. Mullan, my heart goes out to you. You raised an amazing son and I'm so sorry for your loss. You both will remain in my thoughts. If there is ever anything you need, please know I am just a phone call away. Thank you for raising such a great person. Love to you both.

*Love you,

“ I feel incredibly fortunate to have had Paul in my life for 15 years. Over the years we laughed, cried, watched a lot of tv, ate American cheese slices, hung out on military bases, and of course talked politics. I have so many fond memories that I will hold in my heart forever. Paul you were one of my best friends and I love you dearly. I will miss you but I know that you are now free to surf every wave, never have tomato sauce on your pasta, photograph every sunset, and have probably already had lunch with both Presidents Lincoln and Reagan.

“ Paul, you were one of the best friends to so many of us. I will miss you dearly, but I know you are in a much better place (as much as it stinks for those of us who you have left behind). I know now you can body surf and body board again, and there is no doubt in my mind you have already hung an American flag somewhere in heaven. See you soon. xxoo, Carter and Molli and family
