“ *Deepest sympathy to your family at this sad time. I had planned to attend this afternoon's viewing but unfortunately the weather got in the way! Your dear mother and I were in kindergarten together, and your father and my husband, Jack, were in Boy Scouts together. Later years found us living and raising our children in Rodgers Forge. I have many memories of both of them throughout the years. I know your memories will comfort you in the days ahead. God's Peace, Ozella Ruppertsberger*
