“ Oh my, i only learned now of Commissioner Lidinsky's passing. He was an exceptional Commissioner, he really understood that the FMC was there to serve the shipping public, and accomplished much towards that end. He was an enthusiastic advocate of the US agriculture exporter, determined to shape the international ocean transport industry to serve the interests of the US exporter, not vice-versa. He knew full well that this meant a sea-change in the regulatory morass that ocean shipping had become over the years, and he was not dissuaded from tackling this massive task. In doing so he set the stage for the Commission's achievements after his time at the FMC was completed, and for Congressional action resulting in the Ocean Shipping Reform Act. That law, passed in 2022 has Commissioner Lidinsky's fingerprints all over it - an accomplishment that he would be and should be so proud of. An impactful, permanent legacy. Agriculture exporters all around the country thank you Commissioner Lidinsky. Peter Friedmann

“ Chairman Lidinsky — a student of history understood the Federal Maritime Commission. He studied it, worked it, made sure the 50 yr. Anniversary was celebrated.

“ *RL,*
You were a great American and unselfish public servant. You were a favorite Son of the great State of Maryland. You were a honest, loyal and true friend to many. Thank you my dear friend for your leadership, guidance and friendship. You are loved and will be greatly missed. RIP my brother ... you deserve it.

“ *Here is Rick in our first year class on the steps in front of St. Wenceslaus School. He and I have been lifelong friends. My earliest memory is of us playing together on a hill at Frank C. Bocek Park. Even though we followed different paths in life, he worked at staying in touch and getting together. I'm very grateful for his friendship and thoughtfulness. I'm very glad that we enjoyed lunch together just a few months ago and that he had the pleasure of watching his beloved Orioles improve this year. I will miss him greatly!*

“ I had the pleasure of working under the leadership of "Chairman Rick" at the Federal Maritime Commission. What an intelligent man of integrity with a wicked sense of humor! Rick took me under his wing like a father and I will miss him dearly. I will always think of him when I see maritime art!

“ I met Commissioner Lidinsky when as a Longshore Union member I was seeking guidance on promoting waterfront jobs in America./ He always took the time to answer my questions (and let me know when I was heading in the wrong direction). I treasured his advice and would quote it often. The Federal Maritime Commission and the Supply chain profited from his engagement. I now serve on that same Federal Maritime Commission. Dick was an inspiration to me, and will continue to be, and I plan on carrying on with some of his causes. It was a real honor to know him and I am enriched because of it. “ While I was a Red Sox fan and Mr. L. was an Orioles fan, we always enjoyed talking baseball. Every summer he was able to get me tickets (sometimes with a parking pass) to a game at Camden Yards when the Sox were in town and never asked for anything in return. I will have lifelong memories from some of those games - including a few sitting with him - to which I am forever grateful. He was very generous and will be missed. May he rest in peace.
