“ We never know why our higher power takes someone away from us, but we do know Sam will be missed by family, friends, and colleagues. His lasting legacy for our pharmacy family is that we should strive to live everyday to the fullest, to deal with the challenges in our lives, to persevere, and to express our love and gratitude to our friends and family during our time on earth. Sam was a good person, diligent in work, and I will miss him.

*Eugene de Lara
Chief of Pharmacy
VA Maryland Health Care System*

“ We, the Pharmacy Family at the VA Maryland Health Care System, are deeply sadden by the sudden loss of one of our own. Sam was an vital member of our inpatient team, he will be sorely missed. Sam had his routine, lunch at 11, leave promptly at 3:30pm. Ate at Subway. He was reliable, dependable and never called out. He loved going with his family to the lake house in July, he looked forward to it all year. He was our friend and part of our pharmacy family.

He is missed!
