“ I met Mrs. Minton in 2010. She came highly recommended from a friend. I was told that she would represent me well and she did. I explained that I needed to make installments before services began. She repeated that. When I graduated in 2011, She asked me what I wanted to do. I told her that I wanted to pursue my Masters. She Encouraged me and she continued to work on my divorce. We went to court in 2013. But our friendship Didn't end there. We continued to communicate about School and my dream. I knew something was wrong, but being a Private person myself, I didn't want to pry or push! When I graduated in May of 2014, She wanted to attend my Celebration but it was Mr. Minton's Memorial Service. When she shared that her cancer had returned, I told her to call me if she needed anything! When they informed me that she was at Gilcrest, I was Honored to see her. When I played my eyes on her, I just embraced and hugged for minutes! Then she said, Tell me about you and the case." I simply replied, I'm here to see you!" She was still practicing. I'm Honored to have met Such an Amazing Woman and Attorney who became a Friend.
