“ I'm heartbroken to hear about the loss of Mrs. Stefanie Hunt. My thoughts and prayers are for her family during this difficult time.

*I was a student of Mrs. Stefanie in the Fall 1996. She was a wonderful Math professor who would always put smile on our face. The classroom would light up as she entered the room. Some of the students struggled in Math. Math was not their strong suite, but Mrs. Stefanie patiently taught us step by step, making it a lot easier to understand. She was so caring and always making sure we felt supported and understood.*

*At our final exam, thankfully, all of us passed our final math exam. I remembered, we were hugging Mrs. Stephanie. One of the students, knelt down on her knees and hugged her, extremely happy and in tears. Mrs. Stefanie patted her head and jokingly said, 'I got a puppy now.' We all laughed with joy. That was a beautiful moment - I will never forget of my Math Professor Stefanie Hunt.*

*Even after that, I did not have any more of her classes, I would still pop in and out of her office, just to say hello to her till I graduated.*

*Mrs. Stefanie will always live in my heart. May she rest in peace.*

*Sheila Supi, Math Student of Beloved Mrs. Stefanie Hunt*

“ The passing of your mom started me reminiscing of the many fond memories I have of when your mom and dad were together and the many parties and trips we enjoyed. Your mom was vibrant, fun to be around, and was one of the smartest people I have ever known (one of her legacies was that “smart gene” that was passed down through your family :)). It’s so very sad that her life and personality was shortened by such a terrible disease.
