

Virginia Hughes Burke

January 2, 1919 - November 6, 2010

Beloved mother and grandmother, Virginia 'Ginny' Burke, 01/021919-11/06/2010, returned to The Lord on Friday 11/06. Ginny took her last breath from home, in the arms of her loved ones. She will be sorely missed by her daughter Beth Carson of Miami, Florida, her grandchildren Michael and Maia Carson of Stamford, Connecticut and her much loved canine companions Rocky and Maggie. Ginny was born on Aigburth Avenue in Towson and raised at Green Levels farm in Reisterstown. Ginny earned her B.A. in 1940 from The College of Notre Dame of Maryland and taught at Franklin High until 1944. As the wife of a Coca-Cola Export executive, Ginny represented her country, her God and her company overseas with decorum and grace; touching the lives of many for the better. To name a few of her accomplishments: U.S. Coast Guard Auxiliary in Miami, Florida; Volunteer Care of the Handicapped; taught English to Spanish speaking new Americans; Volunteer Coastal Patrol in Sydney, Australia where she taught safe boating to adults and safety around the water to school children and served as officer on S.A.R. missions; Home Hospitality for American servicemen on R&R in Manila, Philippines at the USO. In spite of all her quiet service and accomplishments, Ginny never lost her humility. Her greatest accomplishments were as mother, home maker and grandmother. Her greatest gifts, the love and support with which she gifted her family. Mamama, we will miss you so.
