“ Wendy was so full of joy - how well I can hear that low rumbling laugh of hers. I'm so sorry for your loss, Mrs. Friedman, and all of Wendy's family.

“ My thoughts and prayers are with Wendy and her family at this time. My fondest memories of Wendy are our younger years spent together with the families. Wendy was 10 years younger than me almost to the day but I always felt her jesting with Robin and I and we knew she was light years ahead. Her beauty, intelligence, wit and compassion are family traits that I know continue on thru her nieces and nephews. What an honor to have her in our family tree forever. Your cousin in Texas

“ I feel a deep sorrow because I didn't keep in touch. My memories of Wendy are filled with her bright eyes and loud laughter when I suggested we do something. She always brought such a positive almost wild energy to our adventures. My deepest condolences to her family who loved and cared for her so well.

“ *I remember Wendy when I tutored her in French many years ago. She loved French and we shared many, many happy hours talking and reading stories in her favorite language. I will always remember her enthusiasm and her perseverance. My condolences to Marie and the rest of her loving family.*

“ *I remember Wendy as a 4 year old teaching all of her young cousins how to play a board game by reading all of the directions to all of them!*

“ Wendy was our family treasure~~fun-loving, bright, humorous, beautiful in every way and kept this endearing personality through all her many years of frailties. I was so fond of her and proud of the grace she showed during her health issues. A candle snuffed out too soon. And to Marie, my sister, for all her grace, fortitude, patience and love in caring for her daughter, our niece. Much appreciation and condolences to Wendy's entire loving family who have been there with her and for her. Prayers, Aunt Constance & Uncle Jack

“ Wendy we will miss your laughter and the many fond memories of your passion for living - the Beatles and your pet cat "Michelle". Since you did not have the opportunity to share your wonderful linguistic and musical talents with all while on earth, we are confident that you will entertain God's chosen in Heaven with your music; and, your vast linguistic background will certainly qualify you to be head translator for St Peter. Give our best to Grandmother Doerer who will be there to welcome you home. God speed -.we will forever miss you. Love DAB & DUD & Family
